This Accessibility Policy and Plan are drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010.

School Governors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period. The Equality Act 2010 provides a single, consolidated source of discrimination law which applies to all schools. Schools cannot unlawfully discriminate against pupils because of their sex, race, disability, religion or belief, or sexual orientation.

In addition, Digby CE Primary School acknowledges our non discrimination and planning duty under the Disability Discrimination Act 1995, as amended by the Special Educational Needs and Disability Act 2001 (SENDA). A disability is defined as a 'physical or mental impairment which has a substantial and long term adverse effect on a person's ability to carry out normal day to day activities.' (Equality Act 2010). Some specified medical conditions, such as HIV, multiple sclerosis and cancer are all considered as disabilities, regardless of their effect.

We are aware that we have a general duty under the Equality Act 2010 to:

- Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act
- Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it
- Foster good relations between persons who share a protected characteristic and persons who do not share it

With this in mind this Accessibility Plan has been drawn up to show our commitment to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their age, education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

The Accessibility Plan will contain relevant actions to:

- Improve awareness of Equality and Inclusion.
- Improve access to the physical environment of the school adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able bodied pupils; (If school fails to do this they are in breach of the Equality Act 2010). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

Key Objective

This plan sets out the proposals of the Governing Body of the school to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- Increasing the extent to which disabled pupils can participate in the school curriculum;
- Improving the physical environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- Improving the delivery to disabled pupils of information, which is provided in writing for pupils who are not disabled. It is a requirement that the school's accessibility plan is resourced, implemented and reviewed and revised as necessary.
