Relationships, Sex and Health Education Policy

Date : February 2024

Review Date: February 2025

Our Mission

The Spires Federation family of small schools is committed to excellence. We intend to equip our pupils with the skills they need to develop positive relationships, understand the importance of family and learn the responsibilities that are integral to relationships.

Our Aims

The aims of relationships, sex and health education (RSHE) at our school are to:

- Provide a framework in which sensitive and honest discussions can take place.
- Prepare pupils for puberty and give them an understanding of sexual development and the importance of health and hygiene.
- Help pupils develop feelings of self-respect, confidence and empathy.
- Create a positive culture around issues of sexuality and relationships.
- Teach pupils the correct vocabulary to describe themselves and their bodies.
- We will nurture and develop the strong relationships through collaboration between the schools and their wider communities.
- At Digby and Dunston, as Church of England schools, we believe that every pupil is unique in the sight of God. We aim to provide a Christian environment for every pupil, including opportunities to worship together and with our local communities.
- At Nocton, as a community school, we still aim to provide the same opportunities for all our pupils and within our local communities.

Statutory Requirements

“The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education(PSHE) continues to be compulsory in independent schools.”

DfE Guidance 2019 p.8

“Today’s children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and

risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way."

"This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools."

Secretary of State Foreword DfE Guidance 2019 p.4-5

As maintained primary schools we must provide relationships education to all pupils as per section 34 of the Children and Social work act 2017.

However, we are not required to provide sex education but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSHE, we must have regard to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

At The Spires Federation we teach RSHE as set out in this policy.

A consultation for our RSHE curriculum and policy took place with our families in March 2021, as we introduced our scheme, and again in March 2024. This was to ensure our families were aware of the content and our curriculum plans. Each year, letters are sent to parents and carers, outlining curriculum details and where parents do and do not have a right to withdraw.

Definition

RSHE is lifelong learning about physical, moral and emotional development. It is about the understanding of the importance of family life, stable and loving relationships, respect, love and care. It is also about the teaching of sex, sexuality, healthy lifestyles, diversity and personal identity. RSHE involves a combination of sharing information, and exploring issues and values. It is not about the promotion of sexual activity.

Curriculum

At the Spires Federation, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

We follow the Jigsaw Programme which offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

The curriculum has been developed carefully, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix 1.

Delivery of RSHE

RSHE is taught within our personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSHE are also taught within the science curriculum, and other aspects are included in religious education (RE).

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children's needs. The mapping document: Jigsaw 3-11 and statutory Relationships, Sex and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships, Sex and Health Education requirements.

This programme's complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our RSHE part of our PSHE curriculum will be taught in terms 5 and 6 under the titles: Relationships and Changing Me. This will be a part of the curriculum from EYFS through to Year 6, the topics will be re-visited each year to allow children to build their knowledge as they progress through school. Each is carefully adapted to meet the needs of the age group.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe
- Different types of relationship (including LGBTQ+)

For further information on what is covered and when, please refer to appendices 1 and 2.

Our PSHE is also aligned with the Church of England's, *"A charter for faith sensitive and inclusive relationships education, relationships and sex education (RSE) and health education (RSHE)"* and draws on the advice given in the Church of England document 'Valuing All God's Children: Guidance for Church of England schools on challenging homophobic, biphobic and transphobic bullying' (Church of England Education Office, [second edition updated summer 2019](#)).

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families,

LGBTQ+ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

Our PSHE Curriculum Coverage

Whole-school approach

Our scheme, covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At The Spires Federation, we allocate lesson time to PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

Assemblies and collective worship, praise and reward system, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Class teachers deliver the weekly lessons to their own classes.

Roles and Responsibilities

The Governing Board

The governing board will approve the RSHE policy and hold Miss Winters to account for its implementation.

The Headteacher

Miss Winters is responsible for ensuring that RSHE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory components of RSHE.

Staff

Staff are responsible for:

- Delivering RSHE in a sensitive way
- Modelling positive attitudes towards RSHE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSHE

Pupils

Pupils are expected to engage fully in RSHE and, when discussing issues related to RSHE, treat others with respect and sensitivity.

Parents' Right to Withdraw

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships, Sex and Health Education" (DfE Guidance p.17)

At the Spires Federation, puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' unit in Term 6.

Parents have a right to withdraw from the sex education element of this unit. As part of the Changing Me unit, we conclude that sex education refers to Human Reproduction, and therefore inform parents of their

right to request their child be withdrawn from the PSHE lessons that explicitly teach this within this unit. This is the following lessons:

Year 4, Lesson 2 (Having a baby)

Year 5, Lesson 4 (Conception)

Year 6, Lesson 4 (Conception, birth)

The school will inform parents of this right through a letter sent out prior to the teaching of the Changing Me unit alongside the following information:

- Relationships education is statutory (must be taught)
- Health Education (including puberty) is statutory.
- Sex Education only in Key Stage 2 (human reproduction) is NOT statutory and therefore your child can be withdrawn.
- However, Year 5 and 6 Science includes reproduction. As Science is a statutory subject, your child cannot be withdrawn from these sessions. You may still request they are withdrawn from the PSHE sessions.

Training

Staff are trained on the delivery of RSHE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSHE.

In addition to this, professionals will be invited in to deliver workshops to pupils including puberty and LGBTQ+.

Monitoring Arrangements

The delivery of RSHE is monitored by Rebecca Miller (subject leader) through:

Planning scrutinies, learning walks and book scrutinies

Pupils' development in RSHE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by Governors every two years. At every review, the policy will be approved by the governing board and Miss Winters.

Signed:

Chair of Governors of the Spires Federation Governing Body

Appendix 1: Curriculum map

Relationships and sex education curriculum map

Year Group	Term	Topic/Theme Details
EYFS	5	Know what a family is Know that different people in a family have different responsibilities (jobs) Know some of the characteristics of healthy and safe friendship Know that friends sometimes fall out Know some ways to mend a friendship Know that unkind words can never be taken back and they can hurt Know how to use Jigsaw's Calm Me to help when feeling angry Know some reasons why others get angry
	6	<u>Changing Me</u> Know the names and functions of some parts of the body (see the vocabulary list) Know that we grow from baby to adult Know who to talk to if they are feeling worried Know that sharing how they feel can help solve a worry Know that remembering happy times can help us move on
Year 1	5	<u>Relationships</u> To know how to explain why I have special relationships with some people and how these relationships help me feel safe and good about myself. I can also explain how my qualities help these relationships. To give examples of behaviour in other people that I appreciate and behaviours that I don't like.
	6	<u>Changing Me</u> To know how to compare how I am now to when I was a baby and explain some of the changes that will happen to me as I get older. I can use the correct names for penis, testicles, anus, vagina, vulva, and give reasons why they are private. To know how to explain why some changes I might experience might feel better than others.
Year 2	5	<u>Relationships</u>

		<p>To explain why some things might make me feel uncomfortable in a relationship and compare this with relationships that make me feel safe and special.</p> <p>To give examples of some different problem-solving techniques and explain how I might use them in certain situations in my relationships.</p>
	6	<p><u>Changing Me</u></p> <p>To use the correct terms to describe penis, testicles, anus, vagina, vulva and explain why they are private. I can explain why some types of touches feel OK and others don't.</p> <p>To tell you what I like and don't like about being a boy/ girl and getting older, and recognise that other people might feel differently to me.</p>
Year 3	5	<p><u>Relationships</u></p> <p>To know how to explain how my life is influenced positively by people I know and also by people from other countries.</p> <p>To know how to explain why my choices might affect my family, friendships and people around the world who I don't know.</p>
	6	<p><u>Changing Me</u></p> <p>To know how to explain how boys' and girls' bodies change on the inside/outside during the growing up process and can tell you why these changes are necessary so that their bodies can make babies when they grow up.</p> <p>To recognise how I feel about these changes happening to me and can suggest some ideas to cope with these feelings.</p>
Year 4	5	<p><u>Relationships</u></p> <p>To recognise how people are feeling when they miss a special person or animal.</p> <p>To be able to give ways that might help me manage my feelings when missing a special person or animal.</p>
	6	<p><u>Changing Me</u></p> <p>To summarise the changes that happen to boys' and girls' bodies that prepare them for making a baby when they are older.</p> <p>To explain some of the choices I might make in the future and some of the choices that I have no control over. I can offer some suggestions about how I might manage my feelings when changes happen.</p>
Year 5	5	<p><u>Relationships</u></p> <p>To compare different types of friendships and the feelings associated with them.</p> <p>To know how to also explain how to stay safe when using technology to communicate with my friends, including how to stand up for myself, negotiate and to resist peer pressure.</p>

		To know how to apply strategies to manage my feelings and the pressures I may face to use technology in ways that may be risky or cause harm to myself or others.
	6	<p><u>Changing Me</u></p> <p>To know how to explain how boys and girls change during puberty and why looking after myself physically and emotionally is important.</p> <p>To also summarise the process of conception.</p> <p>To know how to express how I feel about the changes that will happen to me during puberty, and that I accept these changes might happen at different times to my friends.</p>
Year 6	5	<p><u>Relationships</u></p> <p>To identify when people may be experiencing feelings associated with loss and also recognise when people are trying to gain power or control.</p> <p>To explain the feelings I might experience if I lose somebody special and when I need to stand up for myself and my friends in real or online situations. I can offer strategies to help me manage these feelings and situations.</p>
	6	<p><u>Changing Me</u></p> <p>To describe how a baby develops from conception through the nine months of pregnancy, and how it is born.</p> <p>To recognise how I feel when I reflect on becoming a teenager and how I feel about the development and birth of a baby.</p>

Appendix 2

Relationships Education in Primary schools – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults.

The guidance states that, by the end of primary school:

	Pupils should know...	How Jigsaw provides the solution
--	------------------------------	---

<p>Families and people who care for me</p>	<ul style="list-style-type: none"> • that families are important for children growing up because they can give love, security and stability. • the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. • that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. • that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. • that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious). • how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed. • about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help. • what a stereotype is, and how stereotypes can be unfair, negative or destructive. • the importance of permission-seeking and giving in relationships with friends, peers and adults. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference • Being Me in My World
<p>Online relationships</p>	<ul style="list-style-type: none"> • that people sometimes behave differently online, including by pretending to be someone they are not. • that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous. • the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. • how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. • how information and data is shared and used online. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference

Being safe	<ul style="list-style-type: none"> • what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). • about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • that each person’s body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact. • how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know. • how to recognise and report feelings of being unsafe or feeling bad about any adult. • how to ask for advice or help for themselves or others, and to keep trying until they are heard, • how to report concerns or abuse, and the vocabulary and confidence needed to do so. • where to get advice e.g. family, school and/or other sources. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference
-------------------	---	--

Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Mental wellbeing	<ul style="list-style-type: none"> • that mental wellbeing is a normal part of daily life, in the same way as physical health. • that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of 	<p>All of these aspects are covered in lessons within the Puzzles</p>

	<p>emotions that all humans experience in relation to different experiences and situations.</p> <ul style="list-style-type: none"> • how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings. • how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. • the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness. • simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. • isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support. • that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being. • where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online). • it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough. 	<ul style="list-style-type: none"> • Healthy Me • Relationships • Changing Me • Celebrating Difference
<p>Internet safety and harms</p>	<ul style="list-style-type: none"> • that for most people the internet is an integral part of life and has many benefits. • about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. • how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private. • why social media, some computer games and online gaming, for example, are age restricted. • that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. • how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. • where and how to report concerns and get support with issues online. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Healthy Me

Physical health and fitness	<ul style="list-style-type: none"> • the characteristics and mental and physical benefits of an active lifestyle. • the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. • the risks associated with an inactive lifestyle (including obesity). • how and when to seek support including which adults to speak to in school if they are worried about their health. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Healthy eating	<ul style="list-style-type: none"> • what constitutes a healthy diet (including understanding calories and other nutritional content). • the principles of planning and preparing a range of healthy meals. • the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health). 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Drugs, alcohol and tobacco	<ul style="list-style-type: none"> • how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. • about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. • the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. • about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. • about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. • the facts and science relating to immunisation and vaccination 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Basic first aid	<ul style="list-style-type: none"> • how to make a clear and efficient call to emergency services if necessary. • concepts of basic first-aid, for example dealing with common injuries, including head injuries. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Changing adolescent body	<ul style="list-style-type: none"> • key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes. • about menstrual wellbeing including the key facts about the menstrual cycle. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Changing Me
